

# Sameer Kumar Das

## Full stack developer

5+ years of experience with web application developing and implementing various solutions using a range of technologies and programming languages. Seeking to leverage broad development experience and hands on technical expertise in a challenging role as a Full stack developer.

## Skills

Java Script, HTML, CSS

Angular

Node JS

Java

.Net

Postgres DB

Mongo DB

## Experience

### 1.5 years in Citi's core banking project.

Worked in L-1 production support, monitoring of the batch jobs.

### 3.5 years in Wipro's Access Control System.

Developed various utilities to communicate with door controller hardwares. Batch jobs to process the logs and communicate with other internal systems. Internal portal/server management for the ACS.

### 1.5 years in 2 full stack projects.

Designed the DB, backend with WCF service and Node JS with angular frontend. Adopted agile work culture in DevOps.

### 3 Full stack freelancing projects.
